Serial No.: 09/683,417 Attorney Docket No.: F-428

Patent

AMENDMENT TO THE CLAIMS

Please amend the claims as shown below.

Claim 1-25 (canceled).

- 26. (currently amended) A mailbox for decontaminating mail comprising:
- a door for allowing access to the interior of the mailbox;
- a decontamination system operatively connected to a controller for decontaminating mail;
 - at least one divider for separating mail; and
- a keyed start switch for receiving a physical key that is engaged and thereby used to send a decontamination start signal to the decontamination system.
- 27. (currently amended) The mailbox of claim 26, wherein the controller includes a communications device for providing status information to a <u>remote</u> user.

28-33. (canceled).

- 34. (currently amended) A decontaminating device including a decontamination chamber comprising:
 - a door for allowing access to the interior of the decontamination chamber;
- a decontamination system operatively connected to a controller for decontaminating mail;
 - at least one divider for separating mail; and
- a keyed start switch <u>for receiving a physical key that is engaged and thereby</u> used to send a decontamination start signal to the decontamination system.
